5. Improve angler R3 efforts by ensuring that they are outcome-driven in their design, implementation and evaluation.

Outputs do Not Equal OUTCOMES!

Aquatic Education ≠ Angler R3
6. Coordinate angler R3 efforts with hunting and shooting sports R3 efforts.

Don’t Think “Anglers”, Think “Outdoor-sapiens.”
7. Structure future angler research to address the threats, needs and strategies and other angler R3 best practices.

Outdoor Education is Critical, but is Not R3!
And Finally….

“We should work as if the future of fishing, hunting, and shooting sports depends on us….because it does”

-Jeff Rawlinson, Nebraska Game and Parks Commission
